

DJ and Producer

Introducing Ben Triana, known to fans as “Sazi”—a rising star in the Dubstep world whose electrifying beats and innovative sounds are capturing attention. Born in San Diego and raised in Las Vegas, Sazi’s passion for music ignited in 2009 when he discovered Dubstep through Skrillex's “Scary Monsters and Nice Sprites.”

A transformative rave experience at 18 solidified his dream of becoming a DJ and producer.

Initially part of the DJ trio “B-Blox,” Sazi launched his solo project after the group disbanded, quickly making a name for himself with his unique blend of aggressive and melodic Dubstep. Alongside his music career, Sazi is a dedicated high school PE teacher, football, and wrestling coach, and a UNLV wrestling alumni.

Most recently, Sazi made waves with a new release through Riddim Network, featured on their latest compilation released on August 23, 2024. Always creating and eagerly working on new music, Sazi has several solo projects in the works and is also gearing up for his first merch drop. With his innovative approach and dedication, Sazi is set to make a significant impact on the electronic music scene.
